## TRAINING YOUR CLUBBERS TO SERVE THE MASTER

Master Clubs National Leader Training will give your leaders a comprehensive training to guide them on how to use our curriculum effectively. There are eight different sessions to choose from, two sessions are held collectively. Each session covers a different component of the Master Clubs night. There will be sessions to help your Directors/Pastors, game leaders, and Beginner/Primary/Ambassador leaders.

## LEADER TRAINING MANUAL

Your leaders will receive a 56 page Master Clubs Leader Training Manual that they will use throughout the day. It is a great resource for them to use as a guide in the future. The manual covers each component of the night as well as things like: what to do when children are visiting Club, how to help Clubbers catch up who have missed some projects, things to talk about when visiting families at home, and much more. The manual is included in the cost of training.

## DISCIPLESHIP AND APPLICATION IS THE GOAL

An effective Club night has 5 important components: Rally Time, Bible Time, Book Time, Game Time, and Award Time. Leader Training teaches your leaders how to effectively use each component of the night to instruct your Clubbers on how to apply the knowledge given them, and to give them opportunities to put into practice the truths that are learned. They are taught the importance of becoming biblical, mission-minded servants willing to serve the Lord in any aspect of ministry. Come join us as we help train your leaders to use Master Clubs to its highest potential!
